

Understanding Dementia

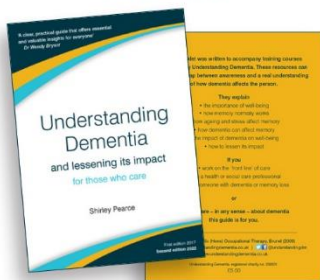

and lessening its impact for those who care
- in any sense

Do you work with people living with dementia?

Twyford-based charity Understanding Dementia delivers interactive online training for Health and Care Professionals that you can join from anywhere with internet access. Our approach can be used whether you are supporting just one or many people living with dementia, in a care home, within their own home or in any other setting.

Course fee includes e-handouts, a completion certificate and a hard copy of our 32-page booklet by Shirley Pearce BSc (Hons) Occupational Therapy MRCOT.

Shirley has extensive experience of working with people living with dementia and their carers, both at home and in community and residential settings, and her methods are evidence-based.

9-week courses starting w/c 13th January 2025

Thursdays 10am via Zoom
Thursdays 8pm via Zoom

9-week courses starting w/c 28th April 2025

Tuesdays 10am via Zoom
Tuesdays 8pm via Zoom

This training is appropriate for any level of experience, including care workers, health professionals and managers.
